

Customer FAQ - XLVentures.AI Platform

XLVentures.AI | Customer Success Platform | Internal Use Only

General Questions

Q: What is the XLVentures.AI Customer Success Platform?

A: It is an AI-powered B2B SaaS platform that helps businesses manage projects, track customer success, generate reports, and streamline team collaboration. The platform is built around intelligent workflows and integrates with commonly used business tools.

Q: Who is the platform designed for?

A: The platform is designed for small to mid-sized B2B businesses, agencies, and SaaS companies. It is particularly well suited for Customer Success teams, Project Managers, and Operations leads.

Q: Is there a free trial available?

A: Yes. We offer a 14-day free trial of the Growth Plan with no credit card required. After the trial, customers can choose any plan or discontinue without charge.

Q: What languages does the platform support?

A: The platform interface is currently available in English. Multi-language support is on the roadmap for Q3 2026.

Billing and Payments

Q: What payment methods do you accept?

A: We accept credit/debit cards (Visa, Mastercard, RuPay), UPI, NEFT/RTGS bank transfers, and invoice-based billing for annual enterprise contracts.

Q: Can I change my plan mid-contract?

A: Yes. You can upgrade at any time - the price difference is prorated for the remaining contract term. Downgrades take effect at the next renewal date.

Q: What happens if my payment fails?

A: You will receive an automated notification. We provide a 7-day grace period to update payment details before any access restrictions are applied.

Q: I was charged incorrectly. What should I do?

A: Contact your CSM or email billing@xlventures.ai immediately. Billing disputes are resolved within 24 hours and refunds are processed within 5-7 business days per our billing policy (Rule P-02).

Q: Can I get an invoice in GST format?

A: Yes. All invoices include GSTIN details. If you require a specific format for your accounts team, contact billing@xlventures.ai.

Technical and Integrations

Q: What integrations does the platform support?

A: Current native integrations: Gmail, Google Calendar, Slack (read-only), Zapier, and REST API access (Growth and Enterprise plans). Salesforce and HubSpot integrations are in beta for Enterprise customers.

Q: Is there a mobile app?

A: A mobile app is currently in development and is targeted for release in Q4 2026. In the meantime, the web platform is mobile-responsive and works well on smartphones.

Q: What is the platform uptime SLA?

A: We guarantee 99.9% uptime per month for Growth and Enterprise plans. In the event of downtime exceeding the SLA, affected customers receive an automatic SLA credit of 1 day per hour of excess downtime, up to 30 days per billing cycle.

Q: How is customer data protected?

A: All data is encrypted in transit (TLS 1.3) and at rest (AES-256). We are SOC 2 Type II compliant. Customer data is stored in ISO 27001-certified data centers. We do not share or sell customer data.

Q: Can I export my data if I cancel?

A: Yes. You have 30 days after cancellation to export all your data in CSV and JSON formats. After 30 days, data is permanently deleted per our data retention policy.

Features

Q: What modules are included in my plan?

A: See the Pricing Policy document for a full module breakdown by plan. Your CSM can provide a detailed list of contracted modules.

Q: Can I white-label the platform for my clients?

A: White-labeling (custom branding, domain, and logo on client-facing views) is available on the Enterprise plan only. Contact your CSM for setup details.

Q: Is bulk export of reports available?

A: CSV export of individual reports is available on all plans. Bulk export (multiple reports/datasets at once) is available on Growth and Enterprise plans. API-based data export is available on Enterprise.

Q: Can I set different permission levels for team members?

A: Yes. The platform supports role-based access control (RBAC) with the following roles: Admin, Manager, Contributor, and Viewer. Custom roles are available on Enterprise plans.

Support

Q: How do I contact support?

A: Starter Plan: Email support at support@xlventures.ai (response within 48 hours).

Growth Plan: Email + live chat (response within 24 hours).

Enterprise Plan: Priority email + live chat + dedicated CSM (response within 4 hours).

Q: What are support hours?

A: Standard support: Monday-Friday, 9 AM-6 PM IST.

Enterprise priority support: Monday-Saturday, 8 AM-8 PM IST.

Emergency escalations (P1 incidents): 24/7 via the emergency escalation email escalation@xlventures.ai.

Q: How do I raise a P1 (critical) incident?

A: Email escalation@xlventures.ai with subject line "P1 INCIDENT - [Company Name]". Response guaranteed within 2 hours. A dedicated engineer will be assigned within 4 hours.
